It will be VERY cold when we go to the penguins on the Wednesday evening so a warm jacket, gloves and a beanie will be necessary. Make sure every item is clearly marked with your child’s name. Please note that there will be no iPods, electronic games, etc allowed. Students may bring a camera.

Please make sure that any medication your child needs is clearly marked with a name, dosage and when to be administered. Medications, including regular asthma medication and spacers, should be handed to Mrs Cooper on the morning of departure. Please also inform us if your child needs to carry his / her own asthma puffer.
