

treehouse

Is your child uncomfortable in social situations?

Does your child worry about making a mistake or being embarrassed in front of others?

Does your child sometimes sit alone at lunchtimes/avoid interacting with classmates?

Treehouse is a therapeutic program for primary-school aged children, who need some extra support with social skills, self-esteem, managing strong feelings and developing resilience. By being creative and learning through play, children are able to develop their relationship skills in a non-confrontational way, while also allowing them to safely think about how they might cope with their own worries.
